HAILE OPERATION

Summer 2017

## Let's Celebrate: Official Grand Opening of Haile!

Three days of grand opening events, from 22 June through 24 June, celebrated the rich history and golden future of OceanaGold's Haile Operation. Dignitaries from around the world, investors, state leaders, community stakeholders, employees and their families helped make grand memories. A special thank you to all who helped make our grand opening a success!

Below are a few photos from our grand opening events. A link to all Family Day photos is at the end of the newsletter.

Summer 2017

## Stop and Think

Incidents do not just happen. They are mostly caused by the action or the lack of action of one or more people. Your personal attitude toward safety and your own safe behavior is key to making certain you go home at the end of your shift. Here at Haile Gold Mine, we want to help make certain each employee, contractor, vendor or visitor goes home safely. One tool is the 'Stop and Think' process. Think through the task you are about to do, identify any hazards involved and mitigate them so you and others do not get hurt. Have you done your 'Stop and Think'? If you have any questions please see a member of the Health and Safety Team.

**STOP AND THINK**

**STOP AND THINK**

A Personal Preliminary Risk Assessment must be performed:

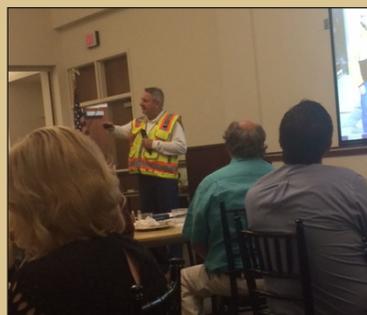

- At the start of each shift or new task
- When the task changes from plan
- If there is no SOP or procedure in place
- Where there is a significant change in the environment
- At the introduction of new people to the task

OceanaGold Corporation  
OUR VALUES: RESPECT | INTEGRITY | TEAMWORK | INNOVATION | ACTION | ACCOUNTABILITY

## In the Community

**Phil Rutledge** from Haile's exploration team showed off an excavator to students during Vehicle Day at Kershaw Elementary School in May.

Haile Environmental Manager **Scott McDaniel** spoke to a packed Lancaster Rotary in July about Haile's core values of respect, integrity, teamwork, innovation, action and accountability.

**Rock painting and spring planting** on Mother's Day weekend during Kershaw's Spring-A-Thon.
